USS Liberty Survivor Don Pageler

Don Pageler will give his first hand account of how the USS Liberty, a virtually unarmed American navy ship, was attacked by Israeli planes and torpedo boats on June 8, 1967. 34 American sailors were killed and 174 injured that day, a casualty rate of 70%. This is among the highest casualty rates ever inflicted upon a U.S. naval vessel. President Lyndon Johnson recalled the planes that responded to their distress call, saying he didn't care if they all died, he did not want to embarrass an ally. Hear about one of the biggest cover ups in American military history.
